No contribution from the Nordic Chess Federation

The Board has decided that there will be no financial contribution from the Nordic Chess Federation to the organizers of the 2011 Nordic Chess Championships.

Participation from the federations

The Nordic Chess Federation strongly encourages all Nordic federations to send their best players to participate in the three tournaments in 2011.

The competition rules etc.

New rules for the competitions were adopted in 2005 and may be downloaded from the home page (under Regler og Regleringer): (<http://www.sjakk.no/nordisk/>).

Please note that both the Nordic Women's committee and the Nordic Senior committee have expressed that the tournaments for these categories should be held as separate competitions (and not as an integrated part of another event). This should be regarded as a strong recommendation but is not a strict requirement.

The Nordic Chess Federation would very much like to see a chess festival in 2011 with many participants. The Board therefore welcomes bids that include two or three of the tournaments to be held at the same time and at the same place.
