

Vietnamese success at First Saturday Budapest July GM tournament

The GM section of the regular First Saturday events was named after a legendary Hungarian Chess Master of the past century namely **Borloy-Androvitzky Karoly** . He was a good poet, mathematician and a strong chess master at the same time. He elaborated a reliable rating system decades earlier the present Elo- system was introduced. His widow, Mrs Borloy Selmeczi Hedi has sponsored the event for the fifth time.

Prior to the First Saturday events as usual, the **Hotel MEDOSZ Budapest** (permanent host of the event) Rapid Open tournament took place won by Nguyen Huynh Minh Huy (VIE). The system of the Rapid event will run with 7 rounds with 20 minutes each since there is now no need to have nine games to get rapid ratings but only five by the newest FIDE regulations.

The **Hotel MEDOSZ Budapest** assures comfortable and pleasant playing conditions with kind hospitality. The large tournament hall is bright and air conditioned and it is very important since the temperature was usually around +35 C outside.

The next First Saturday events are scheduled to 2-12th August with the usual Rapid Open one day prior to main events.
